### PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1a.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

## SUMMARY

A probable army barracks is located within the city of Toksovo.(Figure 1).

This facility comprises a walled administration/barracks area and a walled possible POL storage area. The administration/barracks area occupies approximately 133 acres and contains 7 single-story barracks, 1 mess-hall, 6 vehicle sheds, 1 vehicle repair shed, 1 administrative building, and 31 support build-

ings. The possible POL storage area occupies approximately 48 acres and contains 6 possible underground tanks, 1 security building, and 7 support buildings (Figures 2 and 3).

[REDACTED] missions of interpretable photography covered the area from [REDACTED]

[REDACTED] The facility appears to be used year-round.

## DESCRIPTION OF INSTALLATION

Railroad Service

The Leningrad-Toksovo rail line runs between the probable army barracks and the possible POL storage area. Neither area is served by a rail spur.

Road Service

The installation is served by city streets.

Aircraft Landing Strips

Four airfields are located within 16 kilometers (km) of the installation.

Administration and Troop Housing Area

Area D contains 7 single-story barracks, 1 administrative building, 1 messhall, and 25 support buildings.

POL Storage Area

Area G contains 6 possible underground tanks, 7 support buildings, and 1 security building. The possible POL storage area is separately walled and located approximately 500 meters southwest of the barracks area.

Equipment Storage/Maintenance Area

Area J contains 6 vehicle storage buildings (four 340 by 50 feet and two 390 by 50 feet), 1 vehicle maintenance building (155 by 30 feet), and 6 support buildings.

Athletic Field

An athletic field (K) is located in the southeastern portion of the administration/barracks area.
